Each duplex features 3 spacious bedrooms, 2 bathrooms, a guest toilet, and a private solarium on the roof—ideal for enjoying the year-round sunshine. The interiors are designed with high-quality finishes, including smooth lacquered interior carpentry, white PVC exterior carpentry with double glazing, and ceramic-porcelain tile flooring throughout.

The fitted kitchen comes complete with a granite or synthetic quartz worktop (Silestone or similar), while the aerothermal system ensures eco-friendly heating, air conditioning, and domestic hot water. Additional features include self-blocking and motorised shutters in the living room and rear bedrooms, as well as fibre-optic telecommunications and TV installations for modern connectivity.

Each property includes parking spaces. The development is set within an enclosed residential complex with beautifully landscaped green areas and a communal swimming pool, offering a tranquil and secure environment.
